

# MOVING ORGANIZATIONS FORWARD - ONLINE

Tools and processes for team collaboration on critical projects

*WebCouncil allows managers and members of dispersed teams to build and sustain collaboration while implementing critical initiatives – one online location, accessible by all team members, 24/7.*

## Uses

- Online surveys
- Pre-meeting jump-start
- Online project center
- Teleconference team room
- Strategic planning
- Post-meeting follow-up
- Board discussions

## Clients

- Bristol-Myers Squibb
- McDonald's
- Aventis Pharmaceuticals
- National Forest Service
- U.S. Dept. of Agriculture
- Bay Area OD Network Board
- CIGNA

## Benefits

- Better coordination
- Less travel, more interaction
- More diverse ideas = better decisions
- Wider circle of involvement
- Smoother implementations
- Increased trust, focus, effectiveness
- Optimized team work

## Maximizing Collaboration

CoVision helps clients to design and run their most important meetings and projects – ones in which buy-in and alignment are critical. We strive to match your situation and objectives with appropriate tools and methods. We have supported process consultants since 1985.

- Proposal design
- Process design support
- Process & facilitation coaching
- Fast-feedback systems for meetings
- Software & hosting of online processes
- Secure WebCouncil websites (SSL)
